**Minnesotans for Affordable Health Insurance Endorse
Pam Myhra for State Senate in District 55**

Minnesotans for Affordable Health Insurance is pleased to announce its endorsement of Pam Myhra in the race for the State Senate in District 55. We are supporting Pam Myhra due to her support of public policy that will make healthcare more affordable for Minnesota consumers and increase choice and competition among insurance carriers. Pam understands complex insurance health insurance issues and knows that the rapidly increasing cost of health insurance is part of what is driving inflation and the high cost of living Minnesotans are experiencing.

Pam Myhra is also committed to protecting coverage for people with pre-existing conditions. Coverage for pre-existing conditions has existed in Minnesota's marketplace since 1976.

About us:

Minnesotans for Affordable Health Insurance represents your local health and benefit insurance agents, who are the primary advocates for consumers who purchase coverage in the individual and small group health insurance markets.
